

СПИСЪК НА ЦИТИРАНИЯТА

на д-р Гертана Петрунова Василева

доцент в секция “Биоразнообразие и екология на паразитите”

Институт по биоразнообразие и екосистемни изследвания

(във връзка с участието в конкурс за академична длъжност „професор“

по научната специалност „Паразитология и хелминтология“,

юли 2022 г.)

Представен е хронологичен списък на всички намерени цитирания в статии в научни издания, сборници и книги; не са включени цитирания в дисертации. С (IF) или (SJR) са обозначени цитиранията в статии от списания, индексирани в *Web of Science* или Scopus.

Общ брой: 261

В статии индексирани в *Web of Science* или Scopus: 184 (в т.ч. 157 с IF и 27 с SJR)
